

NU40 MULTI PURPOSE LUBRICANT

PACKAGING

HM 016 200 ml x 36 Items

HM 017 400 ml x 30 Items

Cleans, lubricates, protects, loosens extremely difficult stains by dissolving residues and adhesives. It dissolves the pieces that are stuck because of the rust. It penetrates deeply into rusty surfaces and allows them to loosen. It penetrates easily. It spreads and clings to surfaces very well. It protects the surface against external factors by penetrating into the narrowest and most congested places. It repels water and moisture.

See data sheet.

Use masking equipment.

Avoid sun light.
